LORRAINE'S PILLS, OR VEGETABLE UNIVERSAL MEDICINE CURATIVE

OF THE French College of Health, in Paris. MILE following letter was received yesterday by mail from Salem. It gives another evidence of the great success of Lorraine's Vegetable Univer-

sal Pulls.

Sin - I have been for many years a sufferer from the ravages of Scrofnla and Cancerous Humors, which at last seated on the vitats, and exhibited all the threatening symptoms of consumption. The general inutility of all remedies awakened my enquiries as to the thousand different methods of cure, to most of which I had recourse without receiving benefit. I accidentally noticed a remarkable cure by Lorraine's Pills, and was induced to give them a trial I sent to Boston and got a box. By the use of them I found immediate relief and was soon restored to a perfect state of health.

----J. B. Light. Yours truly, Nov. 20th, 1841.

[From Boston Daily Mail.] Somebody wisely says, that a cap loaded with jewels and flowers will not cure the headache, nor gold chains prevent the consumption. Increase's Vegetable Pills have done both.

Sin- I have been effectually cured of a severe headache by the use of Lorraine's Pills. SARAH NOYES.

Family Medicine

SIR I have used Lorraine's Pills in my family as a family medicine, and I would most garnestly rece contarly by the County road and southerly by land ommend them to all persons, as the best medicine that can be procured. I would not be without them they speciale mildly, and never fail to give immediate relief. Hintil I used those Pills I was obliged to pay from 2rom 25 to \$100 per year for medicines and physicians; since then I have had no other doctor than Dr. Lorenne's Pills. JAMES NEAL.

THE CONDITION

The condition upon which nature gives health to man, is a matchful care to keep his admitted and bowels free from morbid and unhealthy accumula-Lerrame's Pills admirably effect this, because they cleanse the bowels and purify the blood. The human body is always healthy when the bowels are regular, the blood circulates freely, and disease invariably commences when obstructions take place in the bowels.

Approaching Summer.

BY JOSEPH H. BUTLER.

Bright Summer with her fragrant breath Again is drawing noar, When Nature's face shall wear a smile And skies be soft and clear, And streams be bubbling out their joy As down the hills they run, Like rills of purest silver ore

All molten by the sun !_ And on the lake so deeply blue-The water flowerets lie, With lips of red, and eyes of love, Fast gazing on the sky! While all the deep green woods around With melody is rife,

And not a sod, or aged tree But teems with mystic life! Birds on the wing, and bees on flowers, And insects glancing by; And, beautiful as rainbow hues,

The painted butterfly! See how the morning glories look To heaven, with eyes of blue, And ask, in-silent eloquence, For drops of silver dew. Fair lilies lift their snowy cups To catch the gentle rain,

That with renewing strength revives The verdure of the plain. Oh! beautiful the young rose buds Expand their tender leaves. That grateful to their inmost hearts The honied dew receives !.. It is indeed a 'time of nowers,

And joy, and music sweet; An azure heaven above our heads, And gems beneath our feet. O Summer ! there are happy ones To gladly welcome thee: But can thy smile restore again.

Lost health and joy to me Before me clouds of midnight gloom Their dusky wings expand And cruel storms drive on life's barque To the dim spirit land. Father of all -man's only friend!

Oh grant thy helping power: Array with light Death's sable cloud, In life's most trying howr: Cheer me with visions of that clime Where sickness cannot come: Land of immortal, fadeless flowers, The parted spirit's home.
